Imported Horse Takes Leaps  
Taller Than Itself.

## CUP HUNTERS THE FEATURE

Competition of Polo Mounts, High  
Steppers, and Roadsters Brings Out  
Best Quality of Horses Ever  
Seen at the Garden-Philadelphia  
Wins the Delatour Cup.

New York, Nov. 10.—Polo ponies, which included some placed at Hurlingham last spring when the Meadowbrook Club won the International Cup, hunters over the first high jumps of the week and shown as teams from hunt clubs, with high steppers and roadsters for the special cup, helped to fill up the programme at the National Horse Show to-day.

Throughout the competition in the different classes brought together horses of the best quality ever seen at Madison Square Garden.

Sights of the Show.  
One of the sights of the show is the jumping of the 12 hand imported pony. Perfection, now owned by Harry D. Holloway, of Philadelphia. This means that the pony has a height of fifty-four inches at the withers and in general at the five-foot jumps the pony was essaying a leap taller than itself.

Carrying a 150-pound rider, the pony rushed at the jumps without hesitation, throwing itself over with the bounce of a rubber ball in a parabolic curve, and when in the air tucking up its hind feet and flinging them sideways in the manner of a pole vaulter.

Trotters shown in the breeding classes were mostly driven in competition style before a saddle horse, to bring out their speed and handiness. One of the riders was Leolin P. Kinney, a gray-haired granger from Bushnell, N. H., who handled his mount with the agility of a youthful stripling.

The entries in the classes for two and three year olds were light.

Judge Moore won a notable victory with his hackney flourish in the afternoon after a close contest with J. W. Harriman's great little mare Lady Dillion. The latter has two wins on the English Hackney horse society's cup and another victory will give the permanent possession of the trophy to Mr. Harriman, but as the latter is eligible to the competition which is to be held to-night it may be that his hopes are to be nipped in the bud.

Those beaten by Flourish also included Reginald Vanderbilt's Phoebe Watton, the owner driving, winner of the class last year, and Alfred G. Vanderbilt, who had in his new trotting-bred mare, Madge. On one round, Mr. Vanderbilt hit against the newly decorated wall and ripped the first hole in its snowy covering.

## Ponies in Tandems.

Incidentally in a class for hackney ponies in tandems, J. W. Harriman's Dainty Eccles and Lady Eccles, Jack Donnelly driving, won out from the field of six, beating Alfred G. Vanderbilt's four Mel Valley ponies, shown in two exhibits, with the owner driving, Wonder and Wonderful. This is the first defeat of these ponies as a tandem in this country.

E. T. Stotesbury, of Philadelphia, won for the second and final time the Delatour Challenge Cup, value \$200, given by Ackley C. Schuyler. A. D. Mackay, won in 1907 with Roseworth and Marguerite and last year with Lucia C. and Pearl Onward. The trophy was offered for the best pair of roadsters and best appointed road rig. Mr. Stotesbury won with Lucia G. and Pearl Onward.

## ATTENDANCE RECORD BROKEN.

for Afternoon Horse Show.

New York, Nov. 10.—The attendance at the show was larger than has been seen in the garden at any time for several years in the afternoon.

There was a large contingent to-day from Pittsburgh. Mr. and Mrs. Henry R. Res, from Sewickley, a suburb of Pittsburgh, entertained many visitors in their box during the afternoon. Mr. and Mrs. W. W. ## WASHINGTON HERALD BUREAU, 625 King Street.

Alexandria, Va., Nov. 10.—The cases of Calvin Johnson, Richard Pines, and Eugene Greco, negroes sentenced to be electrocuted for the murder of Walter F. Schultz, the Chicago artist, will be discussed with Gov. Swanson by Commonwealth Attorney S. G. Brent, who left for Richmond this evening to appear before the State Court of Appeals.

Attorney Lewis H. Machen, representing Calvin Johnson, sentenced to be electrocuted November 19 next, will leave Friday and present to Gov. Swanson a petition asking the governor to commute Johnson's sentence to life imprisonment. It is said that two members of the jury that convicted Johnson have signed the petition.

In the event the governor commutes Johnson's sentence, it is more than probable that he will take similar action in the cases of Pines and Greco, they being convicted on practically the same testimony.

A committee meeting of the chamber of commerce was held to-night, when arrangements were made for a meeting of that organization, at which time, it is understood, the question of the improvement of North Washington street, which came before council at its meeting last night, will be again taken up for consideration.

Announcement is made by the chamber of commerce that they now have on hand \$12,000 for the paving of the upper end of King street, which, it is said, is ready available for that work. This amount, with the \$5,000 contributed by Alexandria County, represents the entire cost of the proposed improvement.

The local board of civil service examinations announce that an examination will be held here December 29 and 30, next, to secure eligibles as assistant (male) and teacher (male and female), in the Philippine service. The entrance salary for the majority of male employees will be \$1,200 per annum, although some appointments are made at \$1,100 per year.

A meeting of Fitzgerald Council, No. 459, Knights of Columbus, was held at St. Mary's Hall this evening, at which time officers were nominated for the ensuing year. The election will take place in December.

"I was shy of him and that is why I cut him," said Frank Jackson, negro, when arraigned in the Police Court this morning to answer a charge of feloniously cutting Rhodie Arrington, another negro, October 25, last. The court fined Jackson \$25.

Dr. S. S. Laws, of Washington, delivered a lecture to-night at the Second Presbyterian Church, taking for his theme "Woman." This is the fifth of a series of lectures he delivered. His last lecture will be delivered Wednesday night, and will be entitled "The Church."

Forty children will participate in a Japanese drill, which will be given in the Young People's Building to-morrow night by the music class of the Misses Rotchford. The drill will be concluded with a comedy, entitled "A Family Quarrel."

Because a man is alleged to have retained \$3 worth of raffle tickets for a benefit he was arraigned in the Police Court this morning. The complaint was that he was a woman. The court ruled the sale of the tickets was a violation of the law and acquitted the accused.

## LOEB'S ACTION APPROVED.

Secretary MacVeagh Also Comments on Treasury Affairs.

Resuming his active work as Secretary of the Treasury yesterday, Secretary MacVeagh said the department in a general way approved of what Collector of Customs William Loeb, Jr., had done in his efforts to correct the evils in the administration of the customs laws.

He said also there was no apparent necessity for the issue of 3 per cent certificates of indebtedness to relieve the Treasury situation, and that he saw no necessity for taking any action at once to bolster up the 2 per cent Panama bonds which have fallen below par recently.

Congress will undoubtedly legislate to bring about parity between the Panama 2s outstanding and the new issue of Panama 3s authorized. The Secretary will recommend such action.

Mr. MacVeagh did not seem to be alarmed over the Treasury situation. He said as soon as Congress had legislated to put the two classes of Panama issues on a parity there would be no new issue of Panama 2s, and the proceeds derived from the sale of them would be applied to reimbursing the Treasury Department for the money it has already expended on account of the Panama Canal, a sum approximating \$90,000,000.

Secretary MacVeagh said the new Assistant Secretary of the Treasury to succeed James B. Reynolds, resigned, would probably be appointed in a few days.
